60CM BUILT-IN ELECTRIC OVEN

FEATURES & BENEFITS

6TH SENSE W6 W7

No more guesswork. Simply pick your recipes, and let 6th SENSE cook them to perfection, every time. Up to 40 cooking combinations organized to fit your lifestyle and diet, for a full assisted cooking experience.

READY TO COOK

No pre-heating required. The Ready2Cook function uses a powerful convection system to quickly reach the right temperature, and completely eliminate the need for pre-heating.

COOK 4

The Cook4 function provides a unique level of flexibility that enables consumers to cook up to four dishes at the same time without mixing any of the flavours or aromas.

SOFT CLOSING

Slow-motion closing. Thanks to slow-closing hinges, the oven door shuts effortlessly, with a soft and silent motion.

SLIDING CONTROL

Smooth motion. This Whirlpool oven features soft-sliding shelves, for increased ease of use.

PYROLYTIC TECHNOLOGY

Spotless cleaning at the touch of a button. Pyrolytic technology uses a high-temperature cycle to burn food residues into ashes, which can then be easily wiped away with a sponge. Heat-reflecting glass panels in the oven door ensure that the external temperature stays low, for added safety.

WARRANTY

Guarantees peace of mind and value for money knowing that any product fault or defect is covered by full replacement parts and/or a service call to ensure the product works as described.
