

# Italian made style in black Ceran®. Electric, with 4 responsive elements.

6AKM613 IX

## 60cm Ceramic Electric Cooktop

- 60cm cooktop
- Black Ceran® easy to clean surface with stainless steel trim
- 4 Quickstar heating elements
- Side controls are special "Lift and Clean" control knobs make this hob very easy to keep clean
- Residual heat indication warn if the hob is hot even when the zone is switched off for safety

- Exclusive to Whirlpool, Green Glass Ceramic Ceran® cooktops. Traditional ceramic cooktops include the heavy metals arsenic and antimony. Arsenic is a toxic chemical naturally found in Silicon (chemical symbol As), and Antimony is a toxic chemical prominent in fire retardants (chemical symbol Sb). The Green Glass symbol means no toxic heavy metals

Number One Appliance Manufacturer in the World.
