

W Collection

W6 MWBSOC

40L BUILT IN MICROWAVE

FEATURES & BENEFITS

6TH SENSE TECHNOLOGY

6th SENSE automatically detects and monitors the level of soil thanks to a smart sensor and adapts the cycle parameters and program settings accordingly.

CRISP TECHNOLOGY

The Crisp function is designed to perfectly golden brown the top and bottom of your favourite dishes. With the combination of the microwave and grill functionality, the right temperature is rapidly reached to begin crisping.

FORCED AIR

This technology forces hot air into the cavity and cooks without using the microwaves, just like a traditional oven.

JET DEFROST

Fast defrosting. Use the unique JetDefrost 3D system to defrost food effectively and with ease in your microwave oven.

JET START

Outstanding reheating speed. The JetStart function boosts the heat inside the oven to the maximum for 30 seconds, providing the ideal temperature to reheat food with high water content such as clear soups or beverages.

STEAM

Healthy, steamed meals, anytime. Steam technology provides the healthiest, tastiest recipes, at the touch of a button.

WARRANTY

Guarantees peace of mind and value for money knowing that any product fault or defect is covered by full replacement parts and/or a service call to ensure the product works as described.
