

W Collection

WFO3033PLAUS

15 PLACE POWERCLEAN DISHWASHER

FEATURES & BENEFITS

6TH SENSE TECHNOLOGY

6th SENSE automatically detects and monitors the level of soil thanks to a smart sensor and adapts the cycle parameters and program settings accordingly.

POWER CLEAN

Thanks to the additional power jets, this option provides a more intensive and powerful wash in the lower rack, in the specific area. This option is recommended for washing pots and casserole dishes.

MULTIZONE

If you do not have many dishes to be washed, a half load may be used to save water, energy and detergent.

SPACE MANAGEMENT

15 place settings with 3 racks provide room for even the biggest family.

TURBO

This option can be used to reduce the duration of the main programs while maintaining the same washing and drying performance levels.

NATURAL DRY

A convection drying system which automatically opens the door during/after drying phase to ensure exceptional drying performance. Door opens at the temperature that is safe to your kitchen furniture, so the door will not be opened when the option of TURBO is on.

TECHNICAL SPECIFICATIONS

MAIN COLOUR FINISH	Fingerprint Resistant Stainless Steel
DIMENSIONS	W 600mm x H 850mm x D 590mm
CAPACITY	15 Place
