

WHP80250

FRESHCARE+ 9KG HEAT PUMP DRYER

FEATURES & BENEFITS

6TH SENSE TECHNOLOGY

6th SENSE Technology recognises the amount of laundry, sets the right drying time accordingly and therefore provides resource optimisation.

FRESHCARE+

You no longer need to adapt your schedule to the laundry chores and to be present at the end of the cycle and to unload the dryer immediately. Whirlpool FRESHCARE+ dryer keeps clothes soft and fresh for hours after the cycle is complete protecting them from odours and creasing. Unloading the dryer is no longer so urgent and it's finally possible to better manage your free time without giving up on freshness

WOOLMARK BLUE

The FreshCare+ tumble dryer allows to easily and safely dry all woolen garments. With the wool cycle which guarantees delicate drying that respects the beauty of the finest woolen sweaters labeled "hand wash", maintaining them soft and smooth as new. The cycle is endorsed by the Woolmark Company: A++ FreshCare+ Dryer gaining the prestigious Woolmark Blue Certification after a test on the percentage of felting.

RAPID 30

Keep your cotton clothing looking fresh and vibrant with this efficient drying solution. Perfect for quickly spinning garments in the washing machine, extending their life-cycle and keeping them feeling like new!

WARRANTY

Guarantees peace of mind and value for money knowing that any product fault or defect is covered by full replacement to ensure the product works as described.
